## **Invitation: Implementation Science Expert Lecture - Dr. Lisa Pfadenhauer**

The Institute of Nursing Science (INS) at the University of Basel kindly invites you to the following lecture and Brown Bag lunch\*

### **Making Sense of Complexity in Context and Implementation: The Context and Implementation for Complex Intervention (CICI) Framework**

#### **Dr. Lisa Pfadenhauer, MPH**

Postdoctoral researcher –  
Pettenkofer School of Public Health (PSPH), University of  
Munich, Germany &  
Public Health Program Associate –  
Rollins School of Public Health, Emory University, Atlanta

Dr. Pfadenhauer's research focus lies on the development, implementation and evaluation of complex public health interventions as well as on how to translate scientific evidence into policy and practice.

The effectiveness of complex public health interventions, as well as their success in reaching relevant populations, is critically influenced by the way they are implemented in a given context. In her presentation, Dr. Pfadenhauer will talk about the necessity to assess context, implementation and the intervention of interest in an integrated way, and why it is important for some interventions to move beyond the organizational context.

**Date:** Tuesday, May 26 2020, 12.00 – 1.15pm

**Location:** Universitätsspital Basel, Klinikum 1, Spitalstrasse 21

**Room:** Hörsaal 2, 2. OG

\* You are welcome to bring your lunch!

The event is open to the public. There will be also the opportunity to take part via ZOOM: <https://zoom.us/j/234782657> . Registration is not required. The event is free of charge.
